ILA & FSCJ Partnership

To empower our applicants, in addition to scholarship, ILA has partnered with FSCJ to offer workshops focusing on success in college to include financial aid, time management, career selection, academic pressures and more. These workshops are offered throughout our application year and will focus on being successful in college.

Our fund began as an effort to assist local graduating seniors and returning college students with scholarships for tuition. Original recipients were residents of Duval County, but for the past several years, the recipient demographic has expanded into other counties in the state of Florida.

Our scholarship recipients serve their communities in many areas.

- Habitat for Humanity
- Breast Cancer Awareness
- Shriner's Hospital
- March of Dimes
- United Way of NE Florida
